**Amendments to the Abstract**

Please **replace** the previously provided Abstract to this application.

~~--The invention relates to a A device for adjusting ~~celeur~~ color video signals, and in particular the ~~celeur~~ color video signals produced by a film analyzer. The inventive device comprises a matrix for processing which is ~~flowed~~ by the ~~celeur~~ color video signals and makes it possible to regulate the components of three basic ~~celeurs~~ colors into ~~celeur~~ color video signals passing through the matrix. A controller~~ Said invention uses means for controlling controls the matrix with respect to hues which correspond to the ~~celeur~~ color video signals, respectively.--
